Request for programming information for EAS equipment

This questionnaire is in response to your order for a Gorman-Redlich EAS-1 decoder, an encoder/decoder or an encoder-decoder with a built-in character generator. Please answer the questions below so that the equipment can be programmed for your station.

If your equipment is in for repair and needs the programming reset, this is also the information we need.

GORMAN-REDLICH MFG. CO.   **email to**   jimg1937@yahoo.com or jimg@gorman-redlich.com
257 W. UNION ST
ATHENS, OH 45701

PHONE 740-593-3150

\
The program for the EAS unit will be installed before we send the equipment.   When you receive the EAS equipment, it is ready to connect to the audio inputs from the radios (tuned to your monitoring assignments) and loop the program audio through the unit.
